

Helping You Get Your Medicine

Janssen CarePath can help you receive your medicine in a timely manner. To enroll in this service, complete a Patient Authorization Form with the help of your healthcare provider. Once enrolled, you can expect the following:

□ 1: A CALL FROM JANSSEN CAREPATH

A Janssen CarePath Care Coordinator will call you to:

- Review your health plan benefits to help answer questions you may have about insurance coverage for your Janssen medication
- Identify options that may help make your Janssen medication more affordable, if needed
- Identify and coordinate with a specialty pharmacy to arrange shipment of your Janssen medication

Look for 866-228-3546 on your caller ID.

□ 2: A CALL FROM YOUR SPECIALTY PHARMACY

Each month, your specialty pharmacy will give you a call to:

- Confirm your order and bill your insurance provider
- Arrange shipment of your medicine

This call may come from a number you do not recognize. If you miss the call, be sure to call back. Otherwise, your medicine shipment may be delayed.

□ 3: DELIVERY

- Your medicine is delivered to your home
- Someone may need to be home to sign for the package

If you have questions about your treatment, be sure to speak with your healthcare team.

On the back of this card, you can record the contact information of your healthcare team, Janssen CarePath Care Coordinator, and specialty pharmacy.
